

● **Apple KO-CIV<sup>®</sup> FUCIV181<sup>(PBR)</sup>**

**Tree:** high vigour, with robust branches and quick fruiting, excellent productivity. Subject to alternate bearing typical of Fuji.

**Fruit:** Attractive colour, bright red with slight streaks also in the part not exposed to the sun. Typical of the Fuji variety in terms of consistency, juiciness and flavour.

**Harvest time:** 25 days after Golden Delicious cl.B.
