

● Apple **SMOTHEE**®

Tree: medium vigour, expanding growth, rapid fruiting and high productivity.
Less sensitive to russetting than the original Golden Delicious.

Fruits: high calibre, globe-shaped with circular cross-section.
Thin skin with marked lenticels, greenish-yellow colour at harvesting and deeper yellow at the time of consumption, insensitive to russetting.
Crispy, juicy, cream-coloured pulp; very sweet and lightly acidic, making it pleasant and organoleptically valid.

Harvesting time: = Golden Delicious cl.B.

® EC trade mark - Proprietor: Alma Mater Studiorum – University of Bologna.
